Design a Garden Kaitiaki

Kai Oranga Matura Open Day

Rules for the Up-Cycling Competition

Up-Cycling has become a fashionable way to re-use common waste items.

Kai Oranga students of 2018 have been learning to plant and design using natural resources and tradition planting techniques. We are also incorporating up-cycling where ever possible to reduce waste products going to landfill.

We invite you to join us in our quest.

Please join us by designing and creating upcycled items for the following competition categories:

Things for the Home

Garden

Wearable Art

HOW TO ENTER: Complete and tear off the form below and return it to your local school office or local library. Bring your completed designs to Matura Marae on Saturday 16th June between 1 and 3pm. Be sure your work is clearly labelled with your name, your age and your school (if applicable).

Name: _____ **Age:** _____ **School:** _____

Name of the design: _____

Competition Category _____

Kai Oranga Maitaha Open Day

Rules for the Chicken Tractor Competition

Design a portable chicken tractor for our Maara Kai (Food Garden)

CRITERIA Please design your Chicken Tractor to:

1. Be portable - Easy to move
2. Have an area that chickens can free range (but be protected from predators)
3. Include a place where the chickens can sleep
4. Provide area for feed and water

Designs to be submitted on an A3 piece of paper using any medium (ie. Paint, crayon, pencil, collage, felts). Also, please create a 3D model of your design – go wild with this but remember you must be able to carry your model to the Marae.

Bring your completed design page and models to Maitaha Marae on Saturday 16th June between 1 and 3pm. Be sure your work is clearly labelled with your name, your age and your school.

To enter, tear off the form below, complete it and return to your school office.

Name: _____ Age: _____ School: _____

Name of the design: _____

How many chickens can be housed: _____
